

CALL FOR PAPERS

ICCIIT 2018
Apr 23-24, 2018
Boston, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCIIT 2018 : 20th International Conference on Communication, Internet and Information Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Communication, Internet and Information Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Networking theory and
Network Management and
Broadband and Intelligent
3G&4G Mobile
Mobile networks and
Next generation network
QoS management
Information systems and
Data Base Management
Knowledge Management and
Internet applications and
Web Engineering
Emerging technologies and
E-Learning and
E-Commerce and
E-Health and Biomedical
Agents and Multi-Agents
Integrated Circuits for

Antennas and Propagation
Communication Systems
Optical Communications
Information and data
Knowledge Based Systems
Knowledge Management
Information Processing
Data Mining-Data fusion
Systems and Software
Signal and Image
Processing Information
Machine Vision and Remote
Image and Multimedia
Fuzzy, ANN and Expert
Approaches ICT and
ICT and Banking
ICT and Intelligent
Transportation
