

CALL FOR PAPERS

ICGES 2018
May 03-04, 2018
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGES 2018 : International Conference on Geological and Earth Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geological and Earth Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geology
Applied geophysical for Minerals,
Engineering Geology and
Hydrogeology
Economic Geology
Energy Resources
Engineering Geology
Environmental Geology
Exploration, Development and
Production of Earth Resources
Geochemistry
Geohydrology
Geology and Geodynamics
Geomorphology
Geophysics
GIS and Geosciences

Mineral Processing, Waste
Management and Recycling
Mineralogy
Mining
Oil and Gas
Paleontology
Petrology
Remote Sensing and GIS Applications
in Earth Sciences
Stratigraphy
Structural Geology
Geophysics
Seismology
Rock Mechanics Applied to
Seismology
