

# CALL FOR PAPERS

**ICMS 2018**  
**Jun 25-26, 2018**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMS 2018 : 20th International Conference on Milk Safety is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Milk Safety. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Safety of raw liquid  
Milk safety and hygiene  
Implication of milk in  
Risk management  
Pre-harvest risk  
Harvest phase risk  
Post-harvest risk  
Microbial hazards in milk  
Chemical contaminants and  
Industrially derived  
Biologically derived

Pesticides and residues  
Residues of animal  
Antimicrobial resistance  
Milk quality control and  
Milk processing and  
Milk processing  
Hygiene practices in  
Pasteurization  
Control of microbial  
Microbial analysis  
Major components analysis
