

CALL FOR PAPERS

ICATE 2018
Aug 09-10, 2018
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATE 2018 : 20th International Conference on Advances in Tissue Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Tissue Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Tissue engineering
Biomaterials
3D bioprinting
Artificial organs and
Bioceramics
Biocompatibility
Biomaterial interactions
Biometals
Biopolymers
Bioreactors
Dental implants for tooth
Implant materials
Organ printing

Scaffolds in tissue
Stem cell engineering
Surface modifications and
Assembly methods
Self-assembly
Liquid-based template
Additive manufacturing
Scaffolding
Tissue culture
Bioreactors
Long fiber generation
Bioartificial organs
