

CALL FOR PAPERS

ICFTE 2018
Sep 17-18, 2018
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFTE 2018 : 20th International Conference on Fluids and Thermal Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fluids and Thermal Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

| | |
|---------------------------|---------------------------|
| Aerospace Heat Transfer | Heat Transfer in Energy |
| Air Conditioning and | Heat Transfer in Fire and |
| Biofuels and Internal | Heat Transfer in Gas |
| Biological Heat Transfer | Heat Transfer in |
| Bio-Thermal Fluid Science | Heat Transfer in |
| Boundary Layer and Free | Heat Transfer Theory and |
| Combustion and Reacting | Heat Transfer with |
| Computational Heat | HVAC |
| Double Diffusive | Industrial Fluid |
| Energy Conversion and | Internal Flow and Heat |
| Energy Management and | Laminar and Turbulent |
| Enhanced Oil Recovery | Low Temperature Heat |
| Environmental | Manufacturing and |
| Environmental Heat | Melting and |
| Experimental Techniques | Micro / Nano Heat |
| Fire and Combustion Heat | Microgravity Science and |
| Gas Turbine Heat | Molecular and Nano-scale |
| Heat and Mass Transfer | Multi-Phase Flow and Heat |
| Heat and Mass transfer in | New and Renewable Energy |
| Heat and Mass Transfer in | Numerical Methods in |
| Heat and Mass Transfer in | Polymer Processing |
| Heat Transfer | Renewable Energy |
| Heat Transfer Education | Thermal behavior of |
| Heat Transfer Equipment | Thermal behavior of |
| Heat Transfer in | Thermal-Fluids Machinery |
