

# CALL FOR PAPERS

**ICSWA 2018**  
**Nov 12-13, 2018**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSWA 2018 : International Conference on Software and Web Accessibility is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Software and Web Accessibility. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Software and web accessibility  
Software engineering for accessibility  
Web accessibility and evaluation tools  
Design for all  
Web authoring guidelines  
User modelling and the adaptive Web  
Adaptation and transformation of Web content  
Interfaces and interaction  
Ergonomics  
Accessibility and usability  
User Interface adaptation and personalization for accessibility  
Human-computer interfaces

Multimodal interfaces  
Multi-platform design  
Digital TV and electronic communications access  
Natural interaction  
Speech interfaces  
Tangible and organic interfaces  
Gaming  
Non-invasive brain computer interaction  
Emotional and affective interaction  
Adaptive and augmented interaction  
Context-aware interfaces  
User Interface Design for Ubiquitous Computing
